

PHILIP MORRIS INTERNATIONAL INC. INTER-OFFICE CORRESPONDENCE
120 PARK AVENUE, NEW YORK, N.Y. 10017

TO: Mark Walchak
FROM: P. Wang
SUBJECT: Alpine Singapore

DATE: June 29, 1988

This is to confirm our conversation that the packaging materials for Alpine Singapore will be ready and delivered to Richmond by July 22nd. The quantities will be sufficient for the production of 10 million cigarette units.

By a copy of this memo, I am requesting Jeremy Jilla to send an official order for 10 million units to New York Customer Service.

In view of the urgency of the Alpine project, the objective is to start the cigarette production as soon as possible after the packaging materials delivery so that products could be air freighted to Singapore by August 15th.
